EXPERIENCE

Freelance Front-End Developer | Independent Contractor

October 2024 - Present | Toronto, ON

- Built **VoiceVault**, a React-based app analyzing vocal ranges using dynamic visualizations, user input forms, and backend API integration.
- Developed a **Poetry CMS** platform with Node.js/Express/MongoDB, including full authentication and an admin dashboard for content management.
- Optimized personal portfolio site using Vite, TypeScript, and EmailJS, improving Lighthouse scores for performance and accessibility by 30%.
- Delivered responsive, SEO-optimized interfaces using modern frameworks like React, SCSS, and Styled Components.

Software Developer Intern | Korah Limited AI

May 2023 - September 2023 | Toronto, ON

- Improved chatbot response accuracy by analyzing 100+ anomalies and debugging JavaScript logic, increasing user retention by 15%.
- Automated test scenarios using Selenium and TestNG, achieving 99% software stability across releases.
- Worked with product and QA teams to design new NLP-based chatbot flows, accelerating deployment cycles by 10%.

Web Developer Intern | Benecaid by GreenShield

May 2022 - September 2022 | Toronto, ON

- Led front-end development of the corporate site using HTML, CSS, and HubSpot CMS, increasing client engagement by 20%.
- Designed marketing landing pages for HoneyBee Select, resulting in a 25% increase in product inquiries.
- Documented codebase and authored user guides for CMS workflows, supporting future developer onboarding.

EDUCATION

York University | Bachelor of Arts in Computer Science

September 2021 - December 2024

- Focused on software development, data structures, user interfaces, and AI-based systems.
- Final Year Project: Built e-commerce site using Bootstrap, ReactJS, and Node.js.
- Developed a strong foundation in algorithms, relational databases (SQL), API design, and Git-based collaboration.
- Relevant Coursework: Data Structures, Software Design, Logic Programming, User Interfaces, Communication Networks, Database Systems, Artificial Intelligence, Computer Security.
